

need to make sure all the women in our lives don't overlook this crucial preventive service.

How should we use "National Mammography Day" to achieve our goal of fighting breast cancer through early diagnosis? This year, National Mammography Day falls on Friday, October 15, right in the middle of National Breast Cancer Awareness month. On that day, let's make sure that each woman we know picks a specific date on which to get a mammogram each year. I well understand how easy it is to forget to do something that comes around only once per year, but for each of us there are certainly some dates that we don't forget: a child's birthday, an anniversary, perhaps even the day our taxes are due. On National Mammography Day, let's ask our loved ones: pick one of these dates, fix it in your mind along with a picture of your child, your wedding, or another symbol of that date, and promise yourself to get a mammogram on that date every year. Do it for yourself and for the others that love you and want you to be part of their lives for as long as possible.

Mr. President, I urge my colleagues to join me in the ongoing fight against breast cancer by cosponsoring this resolution to designate October 15, 1999, as National Mammography Day.
